

APiS North America, LLC President, Dr. Lynn M. Johnson, joins us with a background in the healthcare industry with technology business development.

She received her undergraduate B.S Pharmacy degree from Philadelphia College of Pharmacy and Sciences and started her career as a clinical pharmacist, to become the Pediatric Clinical Coordinator and co-chair of the P&T Committee at Chris Evert Children's Hospital in Fort Lauderdale, Florida. She obtained her Postgraduate Doctorate of Pharmacy and earned the Dean's Award for Highest Academic Achievement Nova Southeastern University Class of 2000.

She became Director of Pharmacy at Personal Home Care and then Director of Pharmacy and Nursing at Advanced Care after relocating to Michigan. Her experience in not-for-profit and for-profit delivery of healthcare, as well as her development of lean operational processes and programs, provided the business aspect to her successful career.

Prior to becoming President at APiS North America, Dr. Johnson was Vice President of Telepharmacy and Management Services for Indispensable Health, Inc. Her experience in healthcare technology, operations, and business strategy is paramount to the mission of APiS North America, LLC.
